

A PROACTIVATORS™ FIELD PROGRAM

THE EXECUTIVE MINDSET WORKSHOP.

A 4-HOUR RESET FOR LEADERS, SALES REPS, AND ANYONE TIRED OF OPERATING BELOW THEIR CAPACITY.

Four hours. Your team walks in operating on autopilot. They walk out with a framework they didn't have when they arrived — and the discipline architecture to use it Monday morning. Originally built and delivered inside ChargePros. Now available to your organization.

DRIFTING OR THRIVING?

— THE CHOICE IS MADE EVERY MORNING.

TERMINATE WHAT DESTROYS.
ACTIVATE WHAT BUILDS.

WE DON'T DRIFT. WE DECIDE.

FOUR HOURS. ONE RESET.

Three personas. Every room. The Sales Rep busy but not productive. The Manager firefighting Q1 instead of building Q2. The Senior Leader respectable but plateaued. This workshop confronts all three.

Hour 01

MASTERING YOUR TIME

The Quadrant Audit — not the corporate poster version. Each person audits their actual week and sees, in numbers, where the hours are going. **The illusion of busy gets dismantled in real time.**

Hour 02

THE PARADIGM SHIFT

Most performance problems aren't skill problems — they're paradigm problems. We walk the 7 mindset shifts that produce a growth-oriented operator. **Each attendee leaves with the 7-Habit Doctrine Card.**

Hour 03

THE HABIT LOOP

Cue. Craving. Routine. Reward. We expose the architecture of every habit your team has — then identify the keystones. **Each person leaves with a 30-day habit installation plan.**

Hour 04

THE MASTERMIND ROUND

Mindset becomes accountability. Tables of five. Ten minutes each. Truth from four people who don't owe you anything except honesty. **Closes with a signed 30-Day ProActivator Commitment.**
